To whom it may concern,

Reference for Gary Craig/Hydromulch Solutions

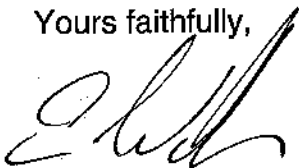

Over the past few years, I have used Hydromulch Solutions as a sub-contractor on various projects to complete rotary seeding, hydro mulching and slashing.

During our dealings I have found Gary to be professional and highly reliable. He has always been prompt in providing requested information or quotes, and consistently begins/completes work by agreed deadlines.

While onsite I have observed his plant to be operated safely and to be well maintained. The performance of products used by Hydromulch Solutions has reliably outperformed that of their competitors resulting in positive outcomes on numerous projects.

Based up my previous dealings, I would not hesitate in recommending the services of Hydromulch Solutions.

Yours faithfully,

**Ed Wilkinson
Project Manager
Shadforth's Civil Engineering Contractors**
